

# K-Medical Service

BRINGING KOREA'S WORLD-CLASS HEALTHCARE  
TO THE GLOBAL STAGE

# Patient Support

Behalf Global's Patient Support is the concierge layer that turns Korea's world-class medicine into a clear, usable experience. We act as your single point of contact and patient advocate—making world-leading hospitals understandable, reachable, and humane.

## What it delivers

- Access: Frictionless entry to top specialists and institutions without guesswork.
- Clarity: Plain-English explanations, transparent documentation, and options you can compare.
- Confidence: Trained medical interpreters and coordinators who protect your intent and dignity.
- Continuity: One coordinator who knows your story and keeps follow-through on track.

## Why it matters

Great care is not only about the procedure—it's about feeling understood, prepared, and supported from start to finish.

# Patient Support

# What you need

ID/Passport

Medical records (PDF/DICOM) (if you have)

Medication list

Preferred dates & budget range

\*Notes\*

We coordinate access and support; diagnosis and treatment are provided by hospitals. Visa/insurance approvals depend on third parties.

# Doctor Training

Behalf Global's Doctor Training opens curated observership and knowledge-exchange opportunities at reputable Korean hospitals. Designed for licensed physicians seeking exposure to high-volume clinics, standardized protocols, and practical innovation—without logistical friction.

## What it delivers

- Access – Placement with well-regarded departments and recognized faculty.
- Structure – Clear objectives, rotation agenda, scheduled educational touchpoints.
- Compliance – Orientation to hospital rules, privacy, and safety standards.

## Why it matters

Observing how protocols, teams, and technology operate in reputable Korean settings yields insights you can take back to your patients and practice.

## What it is not

A degree or licensing pathway; hands-on patient care is not guaranteed and depends on hospital policy and regulations. Employment/visa sponsorship is not included unless explicitly arranged.

# Doctor Training

# Requirements

Medical license & ID(Passport)

Vaccination/insurance statments (If required)

Language level

Preferred dates

\*Notes\*

Most programs are observation-only; hands-on privileges depend on hospital policy and regulations. Lead time typically 4–8 weeks.
